"FALL" for Women Giving

2017 Grants Cycle Announced; Grants Committee In Action!

Women Giving for Spartanburg announced its 2017 Grant Cycle on September 1st. This year, we will be hosting one-on-one technical assistance meetings at the end of October for interested organizations who need extra help with a project idea or the grant process. Our online application will open on November 1, 2016, and close on January 6, 2017.

Many thanks for the dedicated ladies who are serving on all of our committees this year! Below, Grants Chair Anna Blanton leads a Grant Committee Training for our newest committee members. The Grants Committee has a record 28 members serving, and we are so thankful for their time and efforts!

Spartanburg Community Indicators Project adds Indicator Area

Cultural Vitality was established as a stand-alone Indicator Area in December 2015. Led by the Chapman Cultural Center, its goal states, "our community will increase opportunities for cultural experiences, both formal and informal, and broaden community engagement to be more representative of Spartanburg County's population." This newest addition is the seventh Indicator Area and is included in the Women Giving for Spartanburg Grant Cycle for 2017.
