## Spread the Message: Women Giving Impacts Spartanburg

Will you help us educate our community?

Camille Wolfe, Education Committee Chair

The Women Giving Education Committee has been working over the past year to change directions and look more toward educating our community on the mission of Women Giving. We are working on making presentations at various organizations through contacts from our membership. These presentations would include our grant recipient video, a brief explanation of how Women Giving works, given by different members, followed by a brief time of questions and answers. They will run about 15 minutes in length. We are excited about what we do and the number of people we have helped, and we want to educate others, share our passion, and involve them in our work!

“tell me and  
i’ll forget.  
show me  
and i may  
remember.  
involve me  
and i learn.”  
- Benjamin Franklin
