

Expand Our Impact.

For 80 years, the Spartanburg County Foundation has worked throughout the community to promote philanthropy, encourage community engagement, and respond to community needs.

We share that mission with generous donors who believe in making a positive difference in their local community. Now is the time to expand our impact.

Matching a donor's charitable goal with our deep understanding of needs across our community is how we work with you to meet our shared vision where residents across Spartanburg County achieve their human potential through continuous improvement in quality of life, educational achievement, and economic mobility.

We provide customized giving options and share knowledge about specific needs. Through the Foundation, you may contribute various assets by adding to an existing fund or creating a new one. In this packet, we provide information about a few specific giving areas.

If you are interested in learning more, please contact the Foundation by calling (864) 582-0138, visiting spcf.org, or by emailing us at info@spcf.org

Community Impact Fund

- The Community Impact Fund fuels the Foundation's grantmaking to organizations serving Spartanburg County residents.
- This unrestricted giving allows us to provide a rapid response to immediate and unforeseen needs in our community.
- We ask you to consider a gift to this fund in honor of the Foundation's 80 years of service to Spartanburg County residents.

Your gift will help us do even more!

Back by popular demand, this donor opportunity provides unrestricted Just Because grants to nonprofit agencies. It's our version of ambush philanthropy that brings joy to the grantees who are surprised by the award and to all who participate! Donors to the Just Because fund receive personal invitations to the Just Because grant distribution days.

Walnut Grove Maintenance Endowment Fund

After meeting Phase 1 of the Save Walnut Grove Campaign, we have now entered Phase 2 with a goal of \$1.5 million to endow the maintenance fund. Help us reach this goal to provide long-term protection and maintenance for the restoration that will begin in Spring 2024.
