

## **2024 Request for Proposals**

### **Nonprofit Effectiveness Grant Opportunity**

#### **Vision**

All Spartanburg County residents achieve their human potential through continuous improvement in quality of life, educational achievement, and economic mobility.

#### **Mission**

The Spartanburg County Foundation is committed to improving the lives of Spartanburg County residents by promoting philanthropy, encouraging community engagement, and responding to community needs.

#### **Background**

Using data, the Spartanburg County Foundation's vision statement was created to be externally reflective of the community. The same data, along with several other sources, substantiated that the wellbeing of many Spartanburg County residents falls below the state and national averages on poverty, educational attainment, wage and earnings, and health equity; and that these disparities adversely affect quality of life for many Spartanburg County residents and prevent many from achieving their potential as human beings.

With the aim of every resident achieving their human potential, the 2024 grant opportunities were developed. To reach this vision, it is imperative that we work in partnership with a strong nonprofit community. The Spartanburg County Foundation has a unique opportunity to support nonprofit organizations of varying missions through capacity building efforts.

#### **Nonprofit Effectiveness Grant Opportunity**

Nonprofit Effectiveness Grants of up to \$10,000 are focused on strengthening the internal capacity or infrastructure of community-based organizations throughout Spartanburg County. Nonprofit Effectiveness grants are designed to grow organizational capacity. Some examples of capacity building grants are increasing effectiveness in board governance, financial management, fundraising, partnering & collaboration, strategic communications, succession planning, and/or evaluation. It is encouraged, but not required, that organizations applying for funding complete the Nonprofit Capacity Building Assessment if applicable.
