

A total of 80 Just Because grants were awarded in 2024, honoring the Foundation’s 80+ years of service to the Spartanburg Community. These grants, ranging from \$250 to \$2,500 provided unrestricted support for the recipient organizations. Many community members participated in the selection of the grantees, some choosing to pool their Just Because award resources with others, resulting in a few organizations receiving more than one Just Because grant. Where available, links are provided to learn more about the organization/community initiative listed below. Those with * can also be found within the Foundation’s [Fund Catalog](#).
