NONPROFIT NEEDS

Donor Connect Newsletter

DECEMBER 2025

Our **Nonprofit Needs** newsletter spotlights organizations that have applied for funding through the Spartanburg County Foundation. Each featured project met SCF's grantmaking guidelines and underwent a thorough review by our Grants Committee—a group of dedicated staff and community members. The committee evaluates every request and recommends award amounts based on resources available from the **Spartanburg Community Fund** for the current grant cycle. Grantees are listed in two categories: Organizations whose projects received partial funding and those awarded full funding.

Our purpose is to elevate awareness of each organization's impact in our community. Foundation donors are encouraged to consider providing additional support—whether for specific projects or general operations—to help these nonprofits continue their vital work.

Each listing in this newsletter is noted for the specific project's alignment with the Spartanburg County Foundation Vision:

All Spartanburg County residents achieve their human potential through continuous improvement in quality of life, educational achievement, and economic mobility.
